# CHAITANYA KUMAR UPADHYAY

## SENIOR PROGRAM MANAGER | CLOUD OPERATIONS AND SECURITY

Bengaluru, India | LinkedIn | Professional portfolio

### Professional Summary

Program manager with 8+ years of experience across cloud engineering, security remediation and enterprise platforms. Coordinate ownership, technical dependencies, stakeholder actions and review evidence across cloud operations and AI integration work. Experience working with technical and business teams across North America.

### Core Skills

Technical program management | Cloud governance | Risk and dependency management | Stakeholder coordination | Security remediation | IAM and SSO | Cloud cost governance | Jira and Confluence | Wrike | OAuth | Sandbox testing and UAT

### Professional Experience

Enterprise technology organisation | Bengaluru, India

**Senior Program Manager | September 2023 - Present**

• Coordinate cloud account lifecycle, ownership, access governance and resource hygiene, supported by operational runbooks and recurring reviews.

• Organise security remediation through owner outreach, finding reconciliation, evidence tracking, escalation and exception-review coordination.

• Support identity remediation through SSO migration, least-privilege review, recovery-access controls and credential governance.

• Administer an enterprise work-management platform; coordinate AI integration sandbox testing, OAuth configuration, security reviews and user acceptance testing.

**Staff Cloud Engineer | June 2021 - August 2023**

• Led recurring asset-efficiency reviews and worked with account owners on cloud resource usage and cost governance.

• Configured cloud IAM, federation, budgets, alerts and enterprise access policies; supported collaboration-platform integration work.

**Associate Solution Engineer | June 2018 - May 2021**

• Delivered a regional Jira and Confluence rollout, standardising dashboards and support workflows.

• Improved cloud-consumption and adoption data collection for reporting and stakeholder issue resolution.

### Education

MBA, Systems and Marketing | SDMIMD, Mysore
B.E., Electronics and Communications | RGPV, Bhopal

### Certifications

PRINCE2 Project Management Version 7, Foundation and Practitioner (2026)
OCI AI Foundations Associate (2024)
OCI Architect Professional and Associate (2020) | Certified ScrumMaster (2019)

### Recognition

Selected to present an AI-enabled operations use case at the 2026 AI@Work Hackathon. Team recognition for internal customer project delivery and contribution.
